

# Attachment 3 - Polish Memorial in Kings Park (Total pages=2)

- Legend
- Subaddresses
  - Cadastral Parcels

While all reasonable care has been taken to ensure accurate information on this plan its purpose is to provide a general indication of location, it may contain errors or omissions and may not suit all users. A site inspection is recommended before commencing projects based on this data.

# PHILOSOPHY

It is proposed that Kings Park becomes the location for commemorative installations and or commemorative gardens.  
To facilitate this the installations will be placed so that each can be experienced without interference from adjoining spaces.  
The trail will allow visitors to visit and enjoy each installation independently.  
This trail would utilise the existing park paths and street footpaths.  
The Park has two styles of sites available.  
Sites 1 to 6 would be suitable for standalone installations.  
Sites A-M proposals need to be designed to suit the location and avoid any encroachment on adjoining spaces.  
The placement of the potential sites has been designed to be appreciated from the path but to be fully experienced by entering.
