City of Launceston

Statutory Estimates Year Ending 30 June 2025

The City of Launceston operates as a large and diverse organisation, dedicated to delivering a balanced budget that upholds both current day affordability and intergenerational equity. With a substantial annual budget and a workforce of 617 employees, the City of Launceston strives to meet the expectations of its community by providing high quality services and facilities.

The Proposed Statutory Estimates for 2024/2025 forecasts an Underlying Deficit of \$0.621m. Including externally funded Capital Grants of \$2.556m and the \$5.000m contribution to the Tamar Estuary River Health Action Plan (TERHAP), an Operating Deficit of \$3.065m is forecast.

The Council regularly reviews its Long Term Financial Plan with a view to maintaining a small underlying surplus annually.

The Council has budgeted for a general rate increase of 4.50% in 2024/2025, in line with the Council's Long Term Financial Plan along with 0.75% of growth in the rating base.

The City of Launceston's annual budget, exceeding \$140 million, is a critical aspect of its operations. This substantial financial allocation enables the City to undertake and sustain a wide variety of projects and services. It is essential that the budget strikes a balance between meeting community expectations and maintaining fiscal responsibility.

The Council is facing rising costs of materials and other expenses, which have exceeded the proposed 4.50% rate increase for 2024/2025, however, the Council has decided not to transfer the full burden of these cost increases to the ratepayers during this period. Instead, the Council plans to address the issue of rising costs and maintaining financial sustainability by implementing more gradual rate increases and conducting level of service reviews, in line with the Long Term Financial Plan.

The Council's decision indicates a commitment to long term financial sustainability and a consideration for the well-being of ratepayers. By implementing gradual rate increases and conducting service reviews, the Council aims to strike a balance between providing quality services and managing the financial challenges posed by increasing costs.

The Council has a significant and varied Capital Works program for 2024/2025 of \$26.9m.

Some significant inclusions in the Capital Works program are;

- \$1 million for the restoration of City Park's popular St John Hart Conservatory
- \$300,000 for upgrades at the Royal Park Skate Park
- \$1.4 million for the second stage of restoration works on the Cataract Gorge's Alexandra Suspension Bridge
- \$700,000 for the NTCA master plan redevelopment project
- \$4.9 million for road resealing and resheeting
- \$1.9 million for improvements to parks and play spaces
- \$600,000 for footpath renewals and;
- \$1 million for a new Northern Gateway project aimed at welcoming visitors to the city.
- \$1.8 million for the Invermay Road/Lindsay Street Traffic Signals
- \$915,000 for the continued work on the Princess Theatre and Earl Arts Centre Masterplan

The Waste Management Charge continues to recover the cost of providing the service of collection, disposal and processing of landfill, recycling and FOGO (Food Organics and Garden Organics) within the municipality and at the Launceston Waste Centre.

While disposal and collection cost are increasing, these have been offset by a decrease in recycling processing costs. The Waste Management Charges will remain the same as in 2023/2024 at;

- 85 litre bin \$170.00
- 140 litre bin \$215.00
- 240 litre bin \$368.00

Under the State Government Waste and Resource Recovery Act 2022 (Tas) a levy of \$44.88 per tonne (includes annual indexation) must be collected by Council for any waste disposed to Council operated landfill facilities. The average tonnage of waste disposed of per property that receives the kerbside waste service is 0.49 tonne per annum and as a result the Council needs to recover \$22.05 per property to offset this levy, an increase of \$11.55 from the prior year. The increase is due to the levy, as determined by the State Government, increasing from \$21.36 to \$44.88 per tonne.

This levy will be shown on rates notices as a separate line as the 'State Government Waste Levy (Offset)' at an amount of \$22.05 per property that receives a kerbside waste service in 2024/2025.

Fees and Charges have generally increased by 3% in line with Council's Long Term Financial Plan. Details are provided in the list of Fees and Charges for 2024/2025 which were approved by Council at its Meeting held on 4 April 2024. Annual Hobart CPI to December 2023 was 3.3%, with most fees increasing by less than this.

Interest Revenue is expected to remain strong, when compared with recent years, due to the forecasted Official Cash Rate and resultant investment returns on offer in line with Council's Investment Policy and Strategy. The Council continually monitors investment returns on offer and will continue to utilise Green Deposits for a percentage of the Council's cash holdings.

A full TasWater dividend, and additional repayment of dividends not paid at the height of the pandemic has been budgeted for. The Council has budgeted for a dividend of \$500,000 from its ownership stake in the Launceston Airport Corporation based on dividends received in 2023/2024 and future projected earnings information.

Labour costs have increased as compared to the previous year, as a salary increase has been included for a new proposed Enterprise Agreement along with the addition of new roles within the organisation. Workers Compensation costs have been budgeted to increase in line with industry trends.

Depreciation is a significant non-cash expense and will continue to be affected by revaluation changes, revised estimates of the asset useful lives and the creation of new assets of the Council or externally funded projects that create new assets. Given the Council's substantial asset portfolio, depreciation continues to be a significant cost in each operational budget. As the price of consumables and inputs into the Council's assets increase, driving up the value of these assets, depreciation is expected to increase in line with these external factors.

Income Analysis

Rates and Charges

Council has budgeted for a overall rates budget increase of 4.50% in line with our Long Term Financial Plan, along with 0.75% growth in the rating base. The effect on individual properties will vary depending on the Assessed Annual Value.

Fire Service Levy

The Fire Service Levy is collected by Council on behalf of the State Fire Commission. The total contribution to be collected is advised annually by the Tasmanian Fire Service.

Statutory Fees and Fines

Fees & Charges have generally increased by 3% and details are provided in the list of Fees and Charges for 2024/2025.

User Fees

User Fees have generally increased by 3% in line with our Long Term Financial Plan and details are provided in the list of Fees and Charges for 2024/2025.

Fees for the Tasmanian Government Landfill Levy are budgeted in this line item.

Grants and Contributions

Operational Grants and Contributions are received for a variety of programs across Council. Most grants and contributions received will have a corresponding budget for expenditure in the same financial year.

Interest Earnings

Interest revenue is based on the expected Official Cash Rate and resultant investment returns. Council continually monitors investment returns on offer, and will also utilise Green Deposits for a percentage of Council's cash holdings within the parameters of Council's Investment Policy & Strategy.

Investments

A full TasWater dividend plus an additional amount under a schedule of payments to compensate for dividends not paid at the height of the pandemic has been budgeted. Council also receives a dividend from its ownership stake in the Launceston Airport Corporation.

Bequests and Donations

Bequests received by the Queen Victoria Museum and Art Gallery .

Other Income

Other income includes such as Rent, Sponsorship and Recycling Revenue and other miscellaneous items.

Expenditure Analysis

Labour

Council has an ongoing commitment to workplace health and safety, employee training and professional development which are all included in the overall labour cost. Workers Compensation Insurance is included in labour costs, and has increased in line with industry trends.

An increase of 3.50%, in line with Council's Enterprise Agreement, has been budgeted for staff salaries.

Materials and Services

These costs relate to the operation and maintenance of the Council's facilities; they include consumables such as fuel and utilities, support and contributions for community events and regional bodies, administrative costs (insurance, printing, postage etc) plant, contractors and materials.

Council has seen significant cost escalations with regards to many of these costs when preparing the 2024/2025 budget and has sought to minimise the impact on ratepayers where possible.

Depreciation

Depreciation is a significant non-cash expense and will continue to be affected by revaluation changes, revised estimates of the asset useful lives and the creation of new Council assets, or externally funded projects that create new assets. Given the Council's substantial asset portfolio, depreciation continues to be a significant cost in each operational budget.

As the price of Council assets increase in line with inflationary pressures and an annual revaluation cycle, depreciation is expected to increase in line with these factors.

University of Tasmania Stadium has been classified as being 'held for sale' following Council's decision to negotiate transfer of ownership to the Tasmanian Government, therefore no depreciation has been budgeted for the associated assets.

Administrative	2025	2024
	\$'000	\$'000
General Administration	953	853
Advertising and Promotion	222	223
Computer and Communications	597	556
Election Expense and Roll Maintenance	30	280
Expert Advice	743	714
Insurance (Excludes Workers Comp)	1,566	1,253
Maintenance	223	226
Payment Fees and Debt Recovery	454	456
Postage, Printing and Stationery	358	369
Councillors	652	616
Audit Fees	146	119
Vehicles	518	501
	6,462	6,166

General Administration includes a range of expenses including committee costs, bank fees, security services and safety services etc.

<u>TasWater</u>	2025	2024
	\$'000	\$'000
Combined Drainage		
Operating Cost Contribution	928	897
Capital Contribution Provision	760	760
	1,688	1,657
Tamar Estuary River Health Action Plan Contribution	5,000	4,500
	6.688	6.157

Contributions have been budgeted based on advice from TasWater. Council's contribution to the TERHAP is \$5.000M in 2024/2025 which is the final instalment of an \$11.000M commitment over three years. This has been excluded from Council's underlying result. Payments of \$1.500M in 2022/2023 and \$4.500M in 2023/2024 have been made to the TERHAP.

Electricity and Gas	2025	2024
	\$'000	\$'000
Utilities Gas	177	170
Utilities Electricity	2,676	2,624
	2,853	2,794

Electricity & Gas costs are budgeted based on historical levels of usage and pricing based on Council's energy supply contract.

Contributions and Events Support	2025 \$'000	2024 \$'000

New Years Eve Sponsorship	46	46
Special Event Sponsorship	70	70
Partnership Agreements Sponsorship	75	75
	696	696
Total Contributions and Events Support	2,707	3,025

Contributions & Regional Cooperation funding is based on the individual various agreements Council has with its regional partners and bodies.

Council assesses and allocates funding for event support and community grants throughout the year from the overall pool of funding allocated.

Council previously made a cash contribution for the third party operation of the NTCA facility. Council has taken over the operation of the precinct and the associated cost is included in relevant Materials & Services and Labour budgets.

Water, Rent and Land Tax	2025	2024
	\$'000	\$'000
Water Fixed Charges	896	800
Water Volumetric Charges	448	414
External Rent	110	82
Land Tax	842	748
	2,296	2,044
Remissions and Abatements	2025	2024
	\$'000	\$'000
Remission Rates	407	300
	407	300

Council policies determine the eligibility for remissions and abatements of rates, fees and other revenues. A number of properties are eligible for rates remissions on charitable grounds, with the revenue and remission both budgeted.

Fire Commission Levy

The Fire Service Levy is collected by Council on behalf of the State Fire Commission. The total contribution to be collected is advised annually by the Tasmanian Fire Service.

State Government Waste Levy

Under the State Government Waste and Resource Recovery Act 2022 (Tas) a levy of \$44.88 per tonne (includes annual indexation) must be collected by Council for any waste disposed to Council operated landfill facilities.

Interest Expense

Loan interest expense relates to interest free loans received from the State Government. There is a corresponding revenue line which negates this expense, meaning there is no overall net cost to the Council.

Asset Disposal Loss

Non-cash expense relating to existing Council assets. Budgets are based on historical costs and Council's Long Term Financial Plan and Strategic Asset Management Plan.

Council Concessions	2025 \$'000	2024 \$'000
Pensioner Concessions	V 000	4 000
Environmental Protection	5	-
Garbage Disposal	629	542
Parking, Off Street	131	127
-	765	669

Garbage Disposal concessions have increased with the increase in charges at the Launceston Waste Centre. The Council provides a range of other concessions through its fee structures.

Debt Levels

\$6.000M was borrowed with a five year repayment term in the 2019/2020 financial year for a property purchase under the Accelerated Loan Program. This loan is due for repayment in 2024/2025.

In 2020/2021 two loans of \$10.000M each with a three year repayment term were borrowed under the Tasmanian Government Local Government Loan Program as part of the Covid-19 Stimulus Package. This money was used for both Capital and Operational purposes.

Interest on both the Accelerated Loan Program and the Local Government Loan Program borrowings are fully subsidised by the State Government.

A \$6.000M borrowing scheduled for the 2023/2024 financial year did not proceed.

Council has the capacity to repay all debts as they fall due and will be debt free by 30 June 2025 based on the proposed Loan Schedule.

Loan Schedule Extract	Interest (Net) \$000	Borrowing \$000	Repayment \$000	Balance \$000

2024/2025 Proposed	-	-	6,000	-

Capital Works Program

The following table provides an extract from the Capital Works Program. Council has budgeted \$24.355M for Council funded Capital projects in 2024/2025. Council seeks to prioritise the renewal and upgrade of existing assets based on asset data and in line with the Strategic Asset Management Plan. 92.31% of Capital funding being has been allocated to the renewal and upgrade of existing assets.

	2025

A full year budget has been assumed for 2024/2025, as the Stadium transfer is still in progress at 30 June 2024. A partial year budget was approved for 2023/2024.

University of Tasmania Stadium has been classified as being 'held for sale' following Council's decision to negotiate transfer of ownership to the Tasmanian Government, therefore no depreciation has been budgeted for the associated assets, hence the decrease in budgeted depreciation costs from the previous year.
